

Road Map to Success

Stay on track to get your license

START

1

Start at AAA Driver Training!

Get on the road to the most effective driver training experience.

2

Enroll in the 33-hour required classroom course (**must be 15 years, 10 months old**).

3

You're 16! Get your learner's permit.

Bring your classroom course certificate, birth certificate, social security card and completed license/ID/permit application to the Cranston DMV. A parent or guardian must be with you to sign the application on-site.

4

Move ahead and take the **computer exam** at the DMV. Once you pass, schedule **6 hours** of behind-the-wheel training sessions with a certified AAA driving instructor.

Taking on-road training with a professional instructor may entitle you to an insurance discount!

5

You're in the home stretch! Complete the **50 hours** of behind-the-wheel practice with your at-home coach. Ten of those hours must be completed at night.

6

When you're **16 years, 6 months** and "road test ready," schedule your test with the DMV. Then, contact AAA Driver Training to schedule your road test sponsorship.

7

Congratulations, you passed!

You are now a Rhode Island licensed driver with a limited provisional license.
