Applicant's Signature Date

**THIS FORM MUST BE FULLY COMPLETED BY A PHYSICIAN: A MEDICAL DOCTOR WHO IS LICENSED TO PRACTICE IN THE COMMONWEALTH OF MASSACHUSETTS.**

PATIENT INFORMATION: Name: \_\_\_\_\_ D.O.B. \_\_\_\_\_

License Number: \_\_\_\_\_

Reported Condition: \_\_\_\_\_

The Registry of Motor Vehicles has received information that the patient named above may have a condition which could affect the patient's ability to operate a motor vehicle. Please complete the following:

1. Please describe the patient's medical condition: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

A. Does the patient have a respiratory disease/disorder?  Yes  No  
If so, indicate the patient's O<sub>2</sub> saturation rate at rest or with minimal exertion (with supplemental O<sub>2</sub>, if used) \_\_\_\_\_  
\_\_\_\_\_

Other comments: \_\_\_\_\_  
\_\_\_\_\_

B. Does the patient have a cardiovascular condition?  Yes  No  
If so, 1.) Does the patient have an implanted cardiac defibrillator?  Yes  No  
2.) Specify the American Heart Association ("AHA") functional class which most appropriately describes the patients condition (see guidelines on reverse side) and symptoms  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

2. Please describe the extent, frequency, and control of the symptoms of the patient's condition or disability which may affect the patient's ability to operate a motor vehicle. \_\_\_\_\_  
\_\_\_\_\_

3. Is the patient's medical condition or disability likely to interfere with the patient's mental or physical ability to operate a motor vehicle safely?  Yes  No  
If yes, describe: \_\_\_\_\_  
\_\_\_\_\_

4. If condition involves seizure or any type of altered or loss of consciousness, please state type and date of last episode(s). \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

(CONTINUED ON REVERSE)

5. Is patient on any medication(s)?  Yes  No  
If yes, list medication(s) with dosage(s). \_\_\_\_\_  
\_\_\_\_\_

Are these medications, separately or in combination, likely to interfere with the patient's ability to operate a motor vehicle safely?  Yes  No

6. Please check one of the following categories:  
I hereby certify that in my professional opinion and to a reasonable degree of medical certainty, one of the following:  
 the patient named above is medically qualified to operate a motor vehicle safely.  
 the patient named above is NOT medically qualified to operate a motor vehicle safely.  
 the patient may require adaptive equipment and/or an assessment for appropriate license restrictions via a competency road examination.  
 I am unable to determine driving ability and recommend the patient undergo a competency road examination.

7. Please check one:  
I have read the attached police report and am aware of the reported incident involving my patient.  
 Yes  No  N/A  
Additional comments: \_\_\_\_\_

- CLASSIFICATION GUIDELINES:**
- AMERICAN ASSOCIATION FUNCTIONAL CLASSIFICATION SYSTEM***
- 
- CLASS I** Patients with cardiac disease but without resulting limitations of physical activity. Ordinary physical activity does not cause fatigue, palpitation, dyspnea, or anginal pain.
- 
- CLASS II** Patients with cardiac disease resulting in slight limitation of physical activity. They are comfortable at rest. Ordinary physical activity result in fatigue, palpitation, dyspnea, or anginal pain.
- 
- CLASS III** Patients with cardiac disease resulting in marked limitation of physical activity. They are comfortable at rest. Less than ordinary physical activity causes fatigue, palpitation, dyspnea, or anginal pain.
- 
- CLASS IV** Patients with cardiac disease resulting in inability to carry on any physical activity without discomfort. Symptoms of cardiac insufficiency or of the anginal syndrome may be present even at rest. If any physical activity is undertaken, discomfort is increased.
-
